Re: Farmhouse Playground

Dear Mr. Dowd,

Thank you for providing me with a copy of the memorandum from Guy Costa to you concerning the lead remediation work that occurred at the Farmhouse Playground and the opportunity to comment on it. My comments to this memorandum are as follows:

- An inspection of the playground was conducted by ACHD staff on 11/01/07.
- As of 11/01/07 all sources of lead that had been identified were corrected.
- Remediation procedures that were used are acceptable to ACHD.
- The City of Pittsburgh will need to routinely monitor condition of the structure.
- Should additional painted surfaces fail, they will need to be corrected as soon as possible in the same manner as previously done.

Should you have any additional questions concerning this matter, please feel free to contact me.

Sincerely,

Bruce L. Good
Program Chief
