Dear Community Partner,

The Northside Coalition for Fair Housing is a community based, 501-c3 organization dedicated to rebuilding lives, homes and communities. We are seeking support for our Fourth Annual Women's Walk for a Peaceful Community. This is an opportunity to transform your position regarding violence effecting women into positive action. Over the years NCFH has joined many in a call for peace. Today we are calling out to you. Please help us with our ultimate goal of creating a community culture of peace and non-violence., a place where families, businesses and neighborhoods can thrive. This walk and its events will help to provide community members with tested tools for intervention and prevention regarding domestic and street violence.
