Message from the Mayor

Dear Citizens:

2011 was another banner year for the Pittsburgh Bureau of Police and for the City as a whole. Pittsburgh continues to receive national and international accolades touting the successes of our City, and it is impossible to attain such praise without the important contributions of our public safety officials.

For the sixth consecutive year, our City witnessed a decline in crime rates. I'm pleased to report that since I became Mayor, total crime rates have dropped by over 25 percent. This progress is encouraging, and I look forward to seeing it continue. This year, we are investing \$9 million to upgrade police vehicles and equipment. As Mayor, I pledge to do my very best to provide our police force with the best equipment, technology and resources possible.

Keeping residents safe is top priority, and though there is more work to be done, we must remain vigilant. I am confident in the ability of our officers, our leadership and our community to face the challenges that lie ahead. By focusing on community-oriented policing, the brave men and women of the Pittsburgh Bureau of Police will make our City even safer in 2012 and beyond.

Sincerely,

Luke Ravenstahl
Mayor, City of Pittsburgh

Message from the Director of Public Safety

Dear Citizens:

Public safety is the most important service a community can provide. As Public Safety Director for the City of Pittsburgh, I take this commitment seriously. Pittsburgh's recent successes, such as continually declining crime rates or being acknowledged as "America's Most Livable City" year after year, would not be possible without the vital contributions of the men and women who proudly serve in the Bureau of Police.

Once again I want to thank each and every member of the Pittsburgh Bureau of Police for their dedicated service. Your professionalism and commitment to Pittsburgh's citizens, businesses, and visitors is admirable, and your hard work has precipitated historic lows in both Part I and Part II crimes, which declined for the sixth consecutive year.

This trend is the result of a citywide effort, with contributions from citizens, community groups, business groups, and local leaders. Mayor Ravenstahl and Chief Harper's emphasis on block watches and faith-based initiatives, as well as school and youth involvement has played an important part in these encouraging numbers. Technology has also played a vital role in these efforts, as our camera system is continuing to be implemented in several City neighborhoods and important investments have been made in Police vehicles and equipment. Nevertheless, the bulk of the credit goes to the members of the Police Bureau, as you continue to make our citizens proud of our City and your dedication to duty and selflessness exemplify the best of public service.

Looking to the future, I reaffirm to you my commitment in providing you with the resources needed to guarantee the safety of you and our City. I will see to it that together we can maintain only the highest, most professional standard in law enforcement.

Sincerely,

Michael H. Huss
Director of Public Safety

Message from the Chief of Police

Greeting's to the citizens of Pittsburgh and all visitors to this great City. Once again, it is my pleasure to present to you the 2011 Pittsburgh Bureau of Police Annual Report which reflects statistical data from the past year. I hope you will find the contents of this document informative and useful.

The City of Pittsburgh continues to mirror the national trend in the reduction in Part I and Part II Crimes. The extent of violence and its impact highlight a critical need to develop and implement effective programs to reduce the violence and victimization in our communities in crisis. It is my goal to make certain that the Pittsburgh Bureau of Police acts more aggressively to initiate collaborative efforts with the faith-based and social service organizations to ensure that we keep Pittsburgh one of the safest cities in the United States. Together, we can work to facilitate alternative programs which will help to promote safer communities in which to live, work and play.

Albeit, as Pittsburgh experienced an overall decline in Part I and Part II Crimes, we must be vigilant in our efforts to retain that status. To accomplish this, we must diligently work to continue the reduction in the numbers. It is a known fact that we will never be rid of crime but, with our collective efforts, we can significantly reduce its impact.

The members of the Pittsburgh Bureau of Police are committed to working with the residents, business owners, faith-based organizations, students and our senior citizen population to make Pittsburgh the *Safest and Most Livable City* in the United States.

*Sympathy says, "you poor thing."
Empathy says, "I am in this with you."*

Sincerely,

Nathan E. Harper
Chief of Police

Certification of Compliance

In accordance with Ordinance No. 21 (bill no. 2010-0234) signed by the Mayor on October 201, 2011, I hereby certify that the Bureau of Police has maintained all requirements as they pertain to the consent decree between the United States of America and the City of Pittsburgh (civil no. 97-0354) and the stipulated order signed by United States District Court Judge Robert J. CIndrich on September 30, 2002.

/s/

Nathan E. Harper
Chief of Police

**A Summary of the 1997 Consent Decree
between
The United States of America
and the City of Pittsburgh
Civil # 97-0354
(with citations)**

1. The City hereby reaffirms and acknowledges its obligation to discourage activity by City law enforcement officers which deprives persons of rights, privileges, and immunities secured and protected by the Constitution of the United States. (*Consent Decree paragraph 8*)
2. **Personnel Assessment and Review System (PARS):** (*referred to in the Consent Decree as the early warning system*). PARS shall:
 - a. Collect and maintain the following (*Consent Decree paragraph 12.a.*):
 - i. officer's name and badge number,
 - ii. citizen complaints,
 - iii. hit and non-hit officer involved shootings,
 - iv. commendations and other indicators of positive performance,
 - v. discipline with related file numbers,
 - vi. training reassignments,
 - vii. transfers,
 - viii. mandatory counseling,
 - ix. status of administrative appeals and/or grievances,
 - x. detailed description of all criminal investigations or possible officer misconduct,
 - xi. detailed description of all civil or administrative claims filed against the City arising from PBP operations,
 - xii. a description of all other civil claims or suits that the officer is a named party to involving allegations of untruthfulness, physical force, racial bias, or domestic violence,
 - xiii. a description of all lawsuits filed against the City, the PBP, or its officers arising from PBP operations,
 - xiv. all arrests with the location of each arrest, the race of each arrestee, and the code violation(s),
 - xv. searches and seizures as documented in the search and seizure reports,
 - xvi. use of force as documented in the use of force reports, and
 - xvii. traffic stop information documented in the reports.
 - b. Have the ability to maintain/retrieve (*Consent Decree paragraphs 12.b. and 12.c.*):

- i. information in the following categories individual officer; squad, zone, shift, or special unit; arrests by officer(s) and types of arrests to determine the number of times a particular officer or groups of officers have filed discretionary charges of resisting arrest, disorderly conduct, public intoxication, or interfering with the administration of justice.
 - ii. data regarding an officer shall be maintained in PARS during that officer's employment with the PBP and for three (3) years after the officer leaves the PBP. Data regarding an officer that is removed from PARS shall be maintained in an archive indefinitely.
- c. Have a protocol of use that specifies (*Consent Decree paragraph 12.d.*):
 - i. the number and types of incidents per officer requiring review by senior supervisors, the frequency of those reviews, and the follow-up actions to be taken by PBP senior supervisors based on information in PARS (including meeting with the officer and recommending appropriate remedial training, counseling, transfer or re-assignment);
 - ii. re-training and recertification requirements;
 - iii. quality assurance checks of data input; and
 - iv. confidentiality and security provisions (*by protocols established under the auspices of the auditor of the Consent Decree (paragraph 70), data contained in PARS cannot be printed in written form nor can its data be extracted by electronic means*).

3. Policy:

- a. Use of Force: The City shall develop and implement a use of force policy that is in compliance with applicable law and current professional standards (*Consent Decree paragraph 13*).
- b. Strip Searches: PBP officers will conduct strip searches in compliance with applicable law and current professional standards. Specifically, PBP officers shall conduct strip searches only when authorized by a supervisor or senior supervisor and then only if specially trained to conduct strip searches. Such strip searches shall be conducted in conformance with hygienic procedures and practices, in a room specially designated for strip searches, by the fewest number of personnel necessary all of whom must be of the same sex as the person searched, and under conditions that provide privacy from all but those authorized to conduct the search. Field strip searches of persons in custody shall be conducted only in exigent circumstances where the life of officers or others may be at risk, and only in privacy with the explicit approval of a supervisor or senior supervisor (*Consent Decree paragraph 14*).

4. Reports:

- a. The City shall develop and require all officers to complete a written report each time a PBP officer (*Consent Decree paragraph 15*):
 - i. Exercises a use of force,
 - ii. Performs a warrantless search (excluding searches incident to arrests, frisks and pat-downs),
 - iii. Performs a body cavity search or strip search,
 - iv. Conducts any warrantless seizure of property (excluding towing vehicles),

- b. The written report (for 4.a.i. through 4.a.iv.) shall include the officer's name and badge number; description of incident; the specific type of use of force, search or seizure; description of any injuries and medical/hospital data; name, race and gender of all persons involved in the use of force, search or seizure; names and contact information for all witnesses; any weapons, evidence, or contraband found during the search; whether the individual involved in the use of force, search or seizure was arrested or cited, and if so, the charges; date, time, and location of the incident and search or seizure; and the signatures of the officer and his immediate supervisor (*Consent Decree paragraph 15*).
- c. The City shall develop and require all officers to complete a written report each time a PBP officer makes a traffic stop (*Consent Decree paragraph 16*):
- d. The written report (for 4.c.) shall include the officer's name and badge number; the race and gender of the individual searched or stopped; approximate time and location; whether the stop involved a frisk or pat-down search; any weapons, evidence, or contraband found during the search; and whether the individual involved was arrested or cited, and if so, the charges (*Consent Decree paragraph 16*).
- e. Data entered captured on the reports described above shall be entered into PARS (*Consent Decree paragraph 17*).

5. Supervisory Responsibility:

- a. The City shall conduct regular audits of:
 - i. Use of force by all officers (*Consent Decree paragraph 18*),
 - ii. Search and seizure practices by all officers (*Consent Decree paragraph 19*),
 - iii. Potential racial bias, including use of racial epithets, by all officers (*Consent Decree paragraph 20*).
- b. PBP supervisors and senior supervisors shall have an affirmative obligation to act on this data with the goals of:
 - i. Preventing the use of excessive force (*Consent Decree paragraph 18*),
 - ii. Preventing improper search and seizure practices by PBP officers (*Consent Decree paragraph 19*),
 - iii. Eliminating actions that reflect racial bias by PBP officers (*Consent Decree paragraph 20*).
- c. Each report above will be reviewed within one week by the reporting officer's chain-of-command (*Consent Decree paragraphs 18-20*).
- d. Quarterly Reviews (*Consent Decree paragraph 21*). After evaluating the most recent quarterly reports and evaluating an officer's complaint history, the City shall, at a minimum:
 - i. Require and provide appropriate remedial training, assignment to an FTO, counseling, transfer, and/or reassignment to all officers (such training, counseling, transfer, and/or reassignment shall address the type of misconduct alleged):
 - 1) who have had three (3) or more complaints containing allegations of similar types of misconduct (e.g., verbal abuse, excessive force, improper search and seizure) within the last two years, whether the complaints are sustained or not; and
 - 2) who have had five or more complaints of any kind within the last two years, whether the complaints are sustained or not.

- ii. Impose appropriate discipline on each officer against whom a complaint is sustained as soon as possible after the OMI disposition.
 - iii. Where appropriate, remedial training, counseling, transfer, or reassignment shall be required of each officer where a complaint is disposed of by a disposition other than sustained.
- e. Annual performance evaluations: The PBP shall require annual performance evaluations of all officers, supervisors, and senior supervisors. The performance evaluation shall be in writing and shall fully explain the weight and substance of all factors used to evaluate an officer (*Consent Decree paragraphs 23 and 24*). At a minimum:
- i. Supervisors and senior supervisors shall be evaluated on their ability to monitor, deter, and appropriately address misconduct by officers they supervise; and
 - ii. The PBP shall evaluate each officer on the basis of his or her complaint history, focusing on patterns of misconduct.
 - iii. In addition to the Civil Service guidelines, the performance evaluations shall be considered as one of the factors in making promotions.
- f. Employee Assistance Program: The City shall continue to provide an employee assistance program ("EAP") (*Consent Decree paragraph 25*). This program shall at a minimum provide counseling and stress management services to officers. This program shall be staffed by sufficient licensed and certified counselors who are trained and experienced in addressing psychological and emotional problems common to police officers. The City shall publicize the availability of these services to all officers. The City shall authorize officers to attend counseling without any adverse actions taken against them. The City shall refer officers to, but not require their participation in, EAP counseling where the City believes an officer's job performance may benefit from EAP services. These provisions are separate from any counseling the City may require as part of its "Track III" mandatory counseling program.
- g. Notice of Criminal/Civil Action: The City shall require all officers to notify the City when the officers have been arrested, criminally charged, or named as a party in any civil suit involving allegations of untruthfulness, physical force, racial bias, or domestic violence. The City and PBP management shall monitor all such civil litigation and all criminal prosecutions of officers. PBP shall discipline and appropriately re-train, counsel, re-assign, or transfer officers found guilty or liable by a court or jury (*Consent Decree paragraph 26*). Officers determined by a court to have falsely arrested an individual or conducted an improper search or seizure shall be disciplined, retrained, counseled, transferred, or reassigned, as the circumstances warrant. Such litigation and investigations shall be reflected in (PARS) and recorded in the officer's complaint history (*Consent Decree paragraph 27*). PBP shall continue to discipline, re-train, counsel, transfer, or reassign officers who are the subject of civil litigation settled by the City prior to adjudication, as the circumstances and OMI investigation warrant (*Consent Decree paragraph 28*).

Community Relations: The United States recognizes that PBP officer representatives attend meetings of community groups within their zone. The PBP shall continue to make every effort to participate in these meetings, including meetings organized by or oriented towards minorities.

Bureau Accreditation

1. Pittsburgh City Code, § 116.02, paragraph I.d. requires that the Bureau of Police attain and maintain accreditation. To attain that accreditation, the Pittsburgh Bureau of Police has chosen to utilize the Pennsylvania Law Enforcement Accreditation Program.

2. What is Accreditation?

The Pennsylvania Chiefs of Police Association introduced the Pennsylvania Law Enforcement Accreditation Program to the Commonwealth in July 2001. Since then, over 250 agencies have enrolled and 45 agencies currently maintain accredited status.

Accreditation is a progressive and time-proven way of helping institutions evaluate and improve their overall performance. The cornerstone of this strategy lies in the promulgation of standards containing a clear statement of professional objectives. Participating administrators then conduct a thorough analysis to determine how existing operations can be adapted to meet these objectives. When the procedures are in place, a team of independent professionals is assigned to verify that all applicable standards have been successfully implemented. The process culminates with a decision by an authoritative body that the institution is worthy of accreditation.

The Pennsylvania Law Enforcement Accreditation Program was designed and developed by professional law enforcement executives to provide a reasonable and cost effective plan for the professionalization of law enforcement agencies within the Commonwealth. The underlying philosophy of the program is to have a user-friendly undertaking for the departments that will result in a "success" oriented outcome.

Pennsylvania's law enforcement professionals want the program to be consistent and achievable for all types and sizes of law enforcement agencies within Pennsylvania.

3. Accreditation Program Phases

The Accreditation program is broken down into three steps or phases:

Phase One: Application (*completed*)

PLEAC Description: The police department and local government officials make the joint decision to pursue police accreditation. Together, you notify the accreditation staff at the Pennsylvania Chiefs of Police Association via a Letter of Intent. Staff then provides all materials to begin the accreditation process. Not only does the agency receive the manuals, but also organizational materials such as labels for the accreditation folders and a software-tracking program. A video is included to assist you in concisely explaining the program to your agency staff. A free training class is also available for newly appointed Accreditation Managers and their Chief. There is a one-time fee of \$100 to participate in the Pennsylvania Law Enforcement Accreditation program.

Phase Two: Self-Assessment (*completed*)

PLEAC Description: The Accreditation Manager will begin the process internally by performing a self-assessment of the agency. This begins as an exercise in comparison. The Accreditation Manager will compare how the current policies comply with the program's standards. Most agencies will discover that they are closer to compliance than anticipated.

When the agency has completed the self-assessment phase, it will want to host a mock-assessment. This is a final review to ensure a smooth assessment in Phase Three. Staff is available throughout the process, offering support and guidance to ensure every agency's success. In addition, several

localized coalitions have been formed by Accreditation Managers to assist one another. There is also a state coalition that can be very helpful.

Pittsburgh Status: In 2011, we added an additional officer to the Bureau Accreditation Team. This officer was assigned specifically to create files necessary for the formal assessment.

The Pittsburgh Bureau of Police Research and Planning section has worked throughout 2011 to meet the 132 professional standards and mandates required by PLEAC in this self assessment phase. To date, we have completed 132 of the 132 professional standards. The majority of standards are subdivided into areas known as “bullets”. One standard may have zero to six bullets. Each bullet requires, at a very minimum, an adjustment in the Bureau’s written policy. The bullets may also require training and/or equipment purchases Bureau-wide. There are over 320 inspectable tasks that must be addressed and managed in this phase before the final phase can be considered. This phase is the most challenging and time consuming part of the three phase accreditation process.

The main component in achieving accreditation is policy development. All policies identified for revision follow a specific protocol which includes review by the Pittsburgh Police Command Group (consisting of 5 chiefs, 9 commanders, 3 civilian managers, Training Academy Lieutenant and Research & Planning Lieutenant) and the Fraternal Order of Police. It is a comprehensive process and requires a significant amount of time. The accreditation team uses model policies identified by the International Association Chiefs of Police and the Pennsylvania Law Enforcement Accreditation Commission. When appropriate, the accreditation team meets with subject matters experts both internal to and external of the Pittsburgh Bureau of Police.

File creation consists of documentation the PLEAC assessors will use to determine if the PBP has the appropriate policy in place to meet each individual standard. The files consist of two proofs that demonstrate the policy is in use consistently bureau wide. These proofs may be demonstrated by highlighting an officer’s narrative in an investigative report dealing with that particular standard. File creation is complete and the centerpiece of the mock and on site inspection.

Phase Three: Formal Assessment

PLEAC Description: The final phase of the accreditation process is the Commission assessment. Trained assessors will do an on-site, two-day review of agency files ensuring compliance with all standards. Please note that the assessment is a success-oriented process.

Your accredited status will remain valid for a three-year period. With accredited status, your agency may experience insurance savings; stronger community relations; and increased employee input, interaction and confidence in the agency.

Pittsburgh Status: Phase three consists of two separate inspections. The first inspection is known as the mock inspection. During this mock inspection, all 132 standards required for accreditation will be inspected by a PLEAC team. The goal of this phase is to review our policies and procedures to ensure the Pittsburgh Bureau of Police meets the standards for PLEAC accreditation. Any deficiencies discovered during the mock assessment will be identified and resolved. The mock inspection is scheduled for late April or early May 2012.

The onsite inspection is the official inspection conducted by PLEAC in which the entire Bureau is evaluated in a comprehensive and rigorous manner. The inspection, normally lasting two or three days, opens the Bureau up to the PLEAC inspector to visit any of our duty locations, interact with our personnel and evaluate policy implementation. Our formal onsite inspection will be scheduled for May or June 2012.

The Pittsburgh Bureau of Police

Pittsburgh, located in the center of Allegheny County where the Monongahela and Allegheny Rivers meet to form the Ohio River, was incorporated as a borough by an act dated April 22, 1794, the same year as the Whiskey Rebellion. The act provided for the election of two Burgesses, a High Constable and a Town Clerk. We, in the Bureau of Police, trace our roots to Samuel Morrison, the first High Constable for the Borough of Pittsburgh.

On March 18, 1816, Pittsburgh was formally incorporated as a city. Under this charter, the Mayor of Pittsburgh was elected by the council and was given the authority to appoint the High Constable and four City Constables. These constables were enjoined to preserve the peace, arrest all disorderly persons, and attend court, the market, and Councils. This was a daytime duty in which the Constables were paid by event rather than by salary. The Mayor was also given the power to appoint a night watch consisting of a Superintendent and twelve watchmen. The duties of the watchmen included the care of the oil, wick and utensils belonging to the city and the prevention of murders, robberies and other disorders.

Loss of tax revenues due to a depression in the City's manufacturing and commerce enterprises caused the discontinuation of the night watch in April 1817. It was reestablished on March 26, 1836, by an act that authorized one Captain of the Watch, two Lieutenants of the Watch and 16 watchmen for the purpose of establishing a system of police to secure the City's citizens and their property. During this period, the constables continued to perform daylight duties on a non-salary basis. In December 1857, an ordinance was adopted that established a day-salaried police department consisting of one chief and not more than nine constables. On January 27, 1868, the dual system of day and night police was abolished and the present system was created. In that year, the force was authorized not more than 100 men to include the Chief of Police, one Captain, and not more than eight Lieutenants.

September 11, 2001 changed forever law enforcement in the United States. No longer could we afford to stay inwardly focused on the nationally defined Part I Crimes of Homicide, Aggravated Assault, Rape, Robbery, Burglary, Larceny Theft and Motor Vehicle Theft. We now had to become more cognizant of the external threats to the homeland security of the City.

2009 was the most tragic year in the Bureau's history when we lost Officers Eric Kelly, Stephen Mayhle and Paul Sciuлло II in the line of duty on April 4, 2009.

In 2011, the Bureau continued to improve its infrastructure and its electronic capabilities. Additionally, we began the process of upgrading the firing range used by our officers. This work is expected to dramatically improve safety on the range. Work is expected to be finished in late spring, 2012.

History of Our Badge

*In 1873, the Police Badge
was designed and officially adopted
by the City of Pittsburgh.*

*The badge is a unique design:
The crest is from the Coat-of-Arms of
William Pitt, the 1st Earl of Chatham,
The English gentleman for whom Pittsburgh is named.*

*The garter around the badge
is from the Most Noble Order of the Garter,
the senior British Order of Chivalry founded by King Edward III in 1348.*

*The shield is a circular fighting shield
used by 15th century Greek foot soldiers.
During the 16th and 17th centuries,
the circular shield was used extensively in the British Isles,
hence its appearance in Pittsburgh.*

*The Pittsburgh Police Badge,
with its distinctive design and history,
is worn with great pride by the men and women
of the Pittsburgh Bureau of Police.*

Administration Branch

The Administration Branch provides internal support to the Bureau of Police and manages the administrative functions in support of our citizens. The Administrative Branch consists of the following units:

Personnel & Finance: Personnel and Finance consists of eleven civilian personnel. This unit is organized in two sections - ~ Payroll and Finance.

Payroll

The mission of the payroll section is to issue all salary and wage payments in an accurate and timely manner in accordance with the policies of the City of Pittsburgh, contracts between the City and the Fraternal Order of Police & the AFSCME union and various grant agreements.

In 2011, this unit made major progress by eliminating court cards by going to an automated system. When an officer goes to court, he/she uses his/her smartcard to check in and out at a kiosk located at court. The data is collected at the kiosk and a report is generated weekly for the payroll clerks. From this report they enter the court time. All court time is documented whether the hours in court are on their regular tour of duty or on overtime.

The payroll clerks are also responsible for updating employee roster cards, maintaining personnel files, and filling out insurance forms. They work closely with the City's main payroll department. All problems in the payroll area are fielded through the Chief Clerk and if additional input is necessary, the Manager of Personnel & Finance.

In 2012, this unit will be working with City Information Systems to develop an automated payroll system to eliminate daily work sheets, roster cards and overtime cards.

Finance

The finance section is responsible for all of the purchasing for the Bureau of Police. It is staffed with two accountants and one account clerk. They act as liaisons with other City Departments, vendors and Police Bureau personnel. Their mission is to ensure the Bureau is equipped with the supplies, equipment and services necessary to conduct operations.

This section processes all requisitions and payments according to the policies set by the City of Pittsburgh's Procurement Office and the Controller's Office. They must do this by staying within the budgetary guidelines established by the Mayor and City Council. This section also prepares legislation when necessary, gathers specifications and establishes contracts when needed. All requisitions and vouchers are processed through the city's PeopleSoft system. Weekly expenditure reports are also generated through the system.

The financial employees gather information for the Manager to prepare annual operating and capital budgets, prepare financial reports for the Chief of Police and gather data for PittMaps.

In 2010, the Bureau was awarded \$1,914,316 from the Byrne Recovery Grant. We used these funds in 2011 to purchase the following equipment:

| | | |
|-----------------------------------|---------------|--|
| Academy----- | \$102,005---- | Equipment to include the following: ammunition, firearms, tractor, shed, TASERS, and a firing range trailer. |
| SWAT----- | \$16,302---- | Equipment and services to include the following: barrel threading, bolt conversion kits for M4s. |
| AEDs – ----- | \$13,796---- | Purchased 20. |
| Property Room----- | \$6,768---- | Two safes. |
| Fleet Operations ----- | \$15,735---- | Thirty-five stop stick rack kits. |
| D.A.R.E----- | \$32,038---- | Supplies to include tee shirts, workbooks, etc. |
| Accident Investigations Unit -- | \$11,567---- | Workstation and software. |
| Operations ----- | \$8,292---- | Three night vision binoculars. |
| Collision Investigations Unit --- | \$6,823---- | Tools and an extendo-bed. |

The Bureau purchased 362 Motorola hand-held radios, cases, microphones and ear buds to be distributed to officers in the operations branch of the Bureau using the 2009 Justice Assistance Grant and the Stimulus Grant.

We have started the process to purchase two Mobile Crime Unit vans, one patrol sedan and one canine vehicle using stimulus funds in the amount of \$172,616.

The following were purchased using monies available from the 2010 Justice Assistance Grant:

| | |
|---------------------------------|----------|
| Radar Signs (12)----- | \$29,273 |
| Radar Trailers (3)----- | \$24,295 |
| Sidecars for motorcycles (5)--- | \$32,500 |

In addition, the Bureau was awarded \$231,698 from the 2011 Justice Assistance Grant. With this grant the Bureau began the process of purchasing an arson truck, VASCAR unit, an electronics systems support van and a school guards supervisor's vehicle. The cost of these vehicles is \$140,000.

A Collision Investigations truck, a SWAT rapid deployment vehicle, a property room van and a canine van totaling \$237,000 were purchased using Asset Forfeiture funds.

Equipment purchased with the 2011 Operating Budget included 2,000 TASER cartridges, 10 laptops, 52 desk top computers, 3 scanners, 22 printers, 30 monitors and 3 projectors.

Crossing Guards:

Provides street crossing safety within the City of Pittsburgh during the school year. Questions concerning crossing guard issues are addressed by the Assistant Chief of Administration.

Research & Planning and Intelligence - This unit consists of the following sections:

Intelligence Unit

The *Mission of the Pittsburgh Bureau of Police Criminal Intelligence Unit* is to gather information from the widest and most diverse sources possible in a manner consistent with state and federal law, as well as industry standards in order to analyze information to provide tactical and strategic intelligence on the

existence - identities and capabilities - criminal enterprises - and to further crime prevention and enforcement objectives of the Bureau.

The PBP Intelligence Unit is broken into sub units as follows;

Field Detectives who are the subject matter experts on gangs within the City of Pittsburgh;

PSITA (Physical Security Intelligence & Threat Assessment) detectives who work with local

Department of Homeland Security entities, conduct threat assessments and emergency response plans for law enforcement;

Pittsburgh Police Training Academy

Listed below is a recap of the training that was completed in 2011:

Recruit Training

- Basic Recruit Class 11-01 – Twenty-nine basic recruits started at the Training Academy on July 25, 2011. Twenty-six graduated and they will be assigned to patrol zones in June, 2012.
- Veteran Recruit Class 11-01 – Seven veteran recruits started at the Training Academy on July 25, 2011. They were assigned to patrol zones in November, 2011.

MPOETC Act 180 Mandatory In-Service Training and Annual Firearms Qualifications

The Training Academy taught the four 2011 mandatory in-service training (MIST) courses for all sworn Pittsburgh Bureau of Police officers. The 2011 curriculum consisted of Legal Updates (3 hour block of instruction), Career and Personal Survival II (3 hour block of instruction), Investigatory Uses of Digital Data Storage Devices (3 hour block of instruction) and Domestic Violence Risk and Decision Making (3 hour block of instruction).

The Training Academy re-qualified all full-duty sworn personnel in firearms.

Patrol Rifle

The Training Academy qualified 83 officers in the patrol rifle during an initial three-day course.

TASER

A total of 44 officers (including 33 Recruits) took the basic TASER course and were certified to carry. 433 officers were recertified to carry the TASER.

Verbal Judo

Thirty-three officers received training in Verbal Judo in 2011 (all recruits). Verbal Judo teaches a philosophy of how to look creatively at conflict and use specific strategies and tactics to find peaceful resolutions. These skills are beneficial to officers in their duties because dealing with the public is often difficult and trying emotionally. Maintaining a "professional face" is crucial if officers are to remain under emotional control and be able to effectively find solutions to potentially violent encounters without escalating to physical force options.

CPR/First Aid

395 officers (including 33 recruits) completed their CPR/First Aid/AED training in 2011.

Technology Training

In 2010, the Training Academy began a project to develop curriculum and assume training for all police related computer applications. This continued in 2011 with the officers trained in the following subjects: In-Car Camera Video, Vehicle Status, E-Citation, PennDOT Crash Reporting, J-Net, and Automated Police Reports.

The Training Academy is also in the process of developing a classroom that will function as a computer laboratory. This room will allow officers to be trained on all three shifts.

Ignition Interlock Class

In June and October of 2011, the Training Academy sponsored the PA DUI Association class “Ignition Interlock”. This class instructed officers in the use and law pertaining to these devices.

Motorcycle Safety, Vehicle Code Enforcement, and DUI Detection Training for Law Enforcement class

In October of 2011, the Training Academy sponsored the PA DUI Association class “Motorcycle Safety, Vehicle Code Enforcement, and DUI Detection Training for Law Enforcement”. This class instructed officers in the laws pertaining to motorcycles and how to recognize people that may be riding impaired.

New Radio Training

The Bureau of Police purchased 300 Motorola portable radios that were issued to individual officers. Officers were selected and attended a two-hour training session on the use and care of this equipment.

Canine Training School

The Canine Training School supports the twenty-two Pittsburgh Bureau of Police K-9 teams, hosts the Region 13 K-9 program and offers initial and in-service K-9 training to surrounding law enforcement agencies.

In 2011, the school conducted over 800 in-service training sessions and conducted an early summer fourteen-week initial training classes graduating 2 new dog teams for Region 13. Both dogs were trained for Patrol/Explosive detection. During in-service training, which is conducted twice per month (national standard), teams are continuously trained and monitored to ensure maximum proficiency in the following tasks: obedience/agility, substance detection, apprehension and tracking. All in-service dog teams were maintenance trained to include the Hold & Bark method of suspect apprehension. Formal yearly certifications were conducted in the fall of 2011 covering detection, apprehension, obedience and agility.

The Explosive & Gun dog detection programs were combined in late 2010; the completed transition took place in the first quarter of 2011. This adjustment enhanced the number of dogs capable of locating firearms and explosives (gun dogs are now capable of locating explosives and explosive dogs are now capable of locating guns).

Hosting and facilitating the Region 13 K-9 Explosive Detection Program (12 dual purpose dog teams) has regionalized a valued resource making explosive detection canines available throughout Southwestern Pennsylvania. Eight participating agencies were supported by the training school in 2011. Two Region 13 dogs were trained in 2011.

In a tradition that dates back to the beginning of our program in 1950’s, the Pittsburgh Bureau of Police continues to strengthen law enforcement partnerships in the Pittsburgh area by offering our expertise in canine training. In 2011 we offered training assistance (in-service) to 12 Dog Teams from outside agencies.

Support Services:

Support Services manages the Bureau's property room, Court Liaison Unit, the Summary Warrant Squad, information systems liaison and the Central Reports & Records Unit (CRRU). Sworn personnel who work in the Office of Municipal Investigations are assigned to Support Services for payroll and personnel management functions.

Property/Supply Room The Property/Supply Room maintains and manages operations pertaining to evidence seized, property recovered and supplies, uniforms & equipment for the Bureau of Police.

The Property/Supply Room is where citizens go to recover property that had been seized as evidence in a case and where employees of the Bureau of Police go to get general supplies police uniforms and equipment.

The following rules apply:

- Any property, the ownership of which is not disputed and which is not required as evidence, may be turned over to the rightful or lawful owner by the officer in charge of the zone or unit concerned. A receipt in duplicate signed by the owner shall be obtained.
- Property held as evidence shall not be disposed of or released unless the case has been disposed of by the Court or its release has been authorized by the commanding officer of the zone or unit concerned, subject to the approval of the Chief of Police.
- Property held as evidence which is of a perishable nature or is such that it is urgently needed by its owner may be released only by authorization of the commanding officer of the zone or unit concerned. Under these circumstances, the evidence shall be photographed before releasing it.
- No weapon may be recovered from the Property Room after same has been used to commit a felonious crime or act of violence.
- No weapon shall be returned to any claimant unless the person first obtains a "Court Order" directing the return of the particular weapon.

Evidence that is held at the Property Room will only be released under one of the following listed circumstances:

- Court Order – Property is to be picked up and signed for by the person named on the court order;
- Needed for Court;
- Release to Owner – Owner must sign for and pick up the property at the Property Room;
- Income Tax Levy;
- Federal authorities when they assume jurisdiction in a case;
- Items to be sent to another police agency.

In 2011, the Property Room:

- Processed, warehoused and maintained chain-of-custody of 3,227 numbered cases.
- Destroyed over 1,693 weapons.
- Deposited \$271,830.88 (2009 monies)*.
- Collected \$784,785.00 in 2011 with \$390,351.36 currently on-hand.**

**Deposits made following external audits of property room, 2008 is the most recent year eligible for deposit.*

***Difference between collected and on-hand values reflects monies released from police custody.*

Central Records and Reports Unit The CRRU consists of the Record Room, the Warrant Office and the Telephone Reporting Unit.

The Record Room is where the public obtains copies of reports. Normal hours of operation are Monday through Friday from 8:00 a.m. to 3:45 p.m. hours and are closed on City holidays. The phone number for the CRRU Records is 412-255-2920 and 2921. The Records area is located on the third floor of the Pittsburgh Municipal Courts Building, 660 First Ave, Pittsburgh PA 15219. Reports are obtainable in person or by mail with proof of identification.

- The public is entitled to all 2.0 reports (Incident report - a summary of incidents reported to the police); the cost of a report is currently set at \$15.00 (as of October 8, 2007).
- The public does not have access to 3.0 reports (Investigative reports) with the following exceptions:
 - 1) The victim/s of a hit run report can obtain a 3.0
 - 2) The victim/s of a burglary or robbery can obtain a list of the items they report taken during the time of a crime. They do not receive the narrative of the investigation.
 - 3) The victim/s of a theft or fraud can obtain a copy of the items that they list as taken during the time of the crime. They do not receive the narrative of the investigation.
 - 4) The victims of identity theft.
- Persons involved in an accident can obtain copies of the reports. Price will be determined by accident.

Record Room Statistics:

- 76,725 reports processed.
- provided front counter service:
 1. processed 6,881 mail inquiries,
 2. serviced 2,506 on-site customer requests,
 3. answered/resolved 5,612 telephone requests.
- Conducted records processing cost recovery totaling \$127,540.00.

The CRRU also perform the following critical functions that the public does not see:

- Processes all arrests for city officers.
- The TRU is a unit where civilian personnel take specific police reports by phone which keeps officers in the field available to respond to higher priority calls for service.
- Processes (through coding and data entry) of police reports, records and other document for the Bureau.
- Performs quality control of data and final review of police reports for Uniform Crime Report (UCR) coding.
- Processes court ordered expungements.
- JNET Tac Officer (liaison officer with the State for access to criminal background checks) is assigned to the CRRU to manage our JNET/NCIC/CLEAN operations for the Bureau.
- Maintains a list of active warrants.

In 2011, TRU had 9,452 calls dispatched with 7,881 reports taken.

Court Liaison Unit: The Court Liaison Unit consists of police supervisors and clerical staff assigned to the Criminal/Juvenile Courts and well as the Municipal Courts to act as a liaison between the various

county agencies, Court Administrator's Office, DA's Office, Public Defender's Office and the various private agencies involved in court proceedings and processes. The Court Liaison supervisors:

- Ensure constant communications among the various agencies for successful prosecution and positive outcomes.
- Manages court time for officers.
- Assigns a liaison officer to Traffic Court for disposition of traffic citations.
- Logs and processes traffic/non-traffic citations generated by city officers through the courts.

Summary Warrant Squad: The Summary Warrant Squad (SWS) is comprised of four officers and one sergeant whose mission is to address outstanding summary warrants in which violators have failed to respond to the courts to answer for their violations.

In 2011, the SWS cleared 2,037 summary warrants:

- 776 were cleared in person by the officers resulting in \$107, 892.97 being brought directly to arraignment court in guilty and not-guilty pleas.
- 1,261 warrants were cleared as a result of direct and indirect efforts by the squad with their various notification processes.

To date, 95% of the 2,037 warrants have gone to summary trial, resulting in \$303,974.31 in fines being collected.

Computer Operations Liaison Unit: The Computer Operations Liaison Unit works directly with City Information Systems to develop, implement, and maintain the various computer systems and applications being used by the Bureau. The unit provides support and innovative electronic upgrades and innovations to both the sworn and civilian personnel of the Bureau of Police. In 2011, the unit worked on the following projects:

- *Community Safety Web Site Enhancement:* The Community Safety Website is a tool the Bureau of Police uses to provide timely and accurate information to the public related to safety and law enforcement operations. *Upgrades to the system allow the Bureau to send out alerts via text message to subscribers. The upgrades also allow users to text crime tips to the Bureau.*
- *Citywide Camera Project:* Pittsburgh started its Citywide camera system in 2009 working with businesses, community leaders and other law enforcement agencies. Currently, we have 92 cameras located in and around the Port of Pittsburgh on various streets, bridges and other structures as a tool to aid in the safety and security of the port and the surrounding area. These cameras are complemented by our access to other business and government cameras. *Since its implementation, we have augmented the Citywide camera systems with the addition of more cameras. This will continue in 2012 and be enhanced with the addition of license plate recognition systems.*
- *In-Car-Camera Project:* In 2010, the Pittsburgh Bureau of Police started the installation and use of in-car cameras for marked police vehicles. These cameras will assist in the documenting of police-public encounters. Currently, four of our six police zones have the cameras installed in their marked vehicles. *Deployment to the two remaining zones should be completed in 2012.*

- Automated Police Reporting System (APRS) & APRS Lite (for mobile data terminals): APRS started in 2006 as a project to allow officers to generate police reports electronically. APRS Lite expanded this capability to mobile data terminals so that officers could generate electronic reports from the field. Advantages realized from APRS/APRS Lite:
 - Auto-population of data fields to multiple related reports saving the officer time and increasing report accuracy.
 - Data is accessed by other systems that rely upon these reports reducing the time that had been used for manual entry of this data. By electronically pulling the data from APRS, it also reduces the chance of human error via manual entry.
 - Allows for access by police officers to other law enforcement systems such as the Pennsylvania State Crash Report System and the Pennsylvania Pursuit Form.
 - Electronic citations (E-Citation) has been incorporated allowing officers to generate both traffic and non-traffic citations electronically in the field.

- Mobile Data Terminals: MDTs have been deployed to 95% of the front line vehicles: Having each vehicle equipped with a mobile data terminal allows:
 - Officers to file police reports directly from the vehicles.
 - Supervisors can review and approve the reports as officers complete them.
 - Supervisors have access to status screen with computer aided dispatch information to view pending calls for service.
 - Supervisors can monitor the officer's performance and time spent on calls and/or reports to ensure appropriate use of time.
 - Officers/Supervisors have access to a number of applications to perform a query for investigative purposes. NCIC / CLEAN / JNET (with Smart Card)
 - Officers can complete their arrest paperwork, as mandated by the courts, via the MDT through the internet accessing the Allegheny County Standardized Arrest Program.

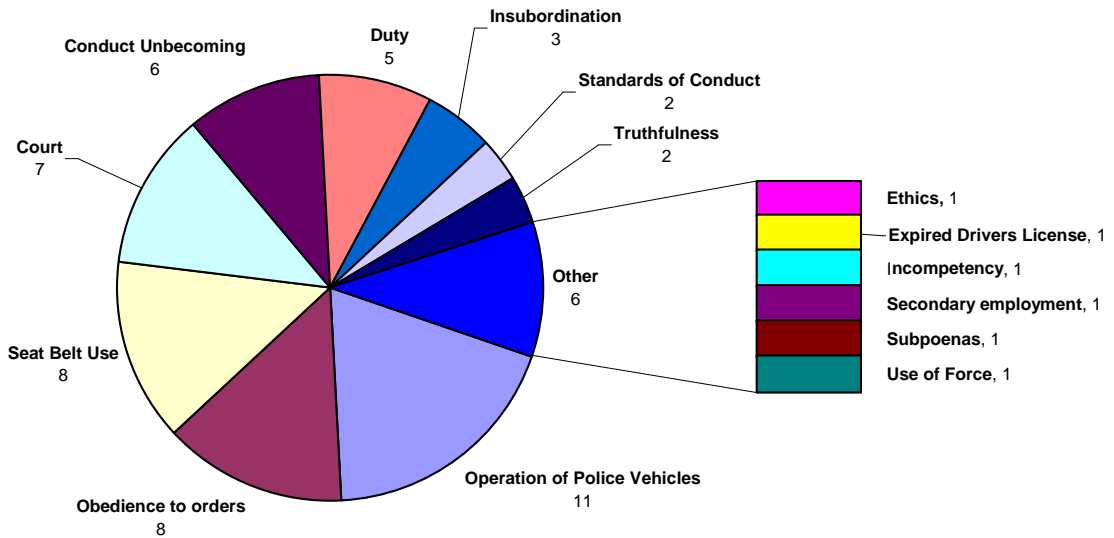

Pittsburgh Police Disciplinary Actions, 2011

1. Total Disciplinary Actions Initiated:52

In 2011, there were 52 cases of police disciplinary actions initiated involving 44 officers. Of the 52 cases, all were finalized.

2. Disciplinary Action by Infraction: For the 52 DARs completed in 2011, there were a total of 58 charges. The majority of infractions for which a disciplinary was initiated in 2011 involved officer operation of police vehicles (this includes the actual operation of the vehicle and seat belt use). The pie chart below provides a distribution of all infractions charged for the 52 completed disciplinary actions:

2011 Disciplinary Actions - Charges

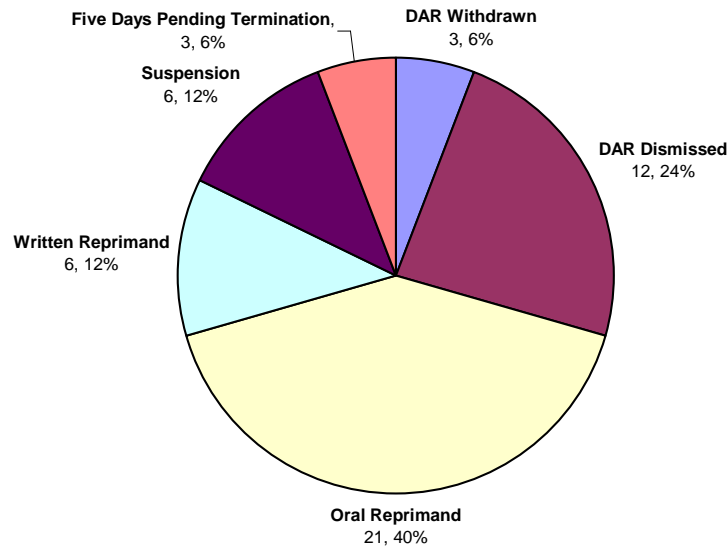

3. Disciplinary Action by Result: Disciplinary action initiated can result in six different outcomes:

- a. The disciplinary action can be withdrawn
- b. The disciplinary action can be dismissed
- c. An oral reprimand
- d. A written reprimand
- e. Suspension
- f. Five day suspension pending termination

In addition to the formal results of the disciplinary process, administrative actions can be initiated to include counseling, training and suspension from secondary employment.

The pie chart below provides a distribution of all results charged for the 52 completed disciplinary actions (does not include any administrative actions taken):

Investigations Branch

The Investigations Branch provides dedicated law enforcement support to the investigation and clearance of crimes against persons and property. It is made up of two Divisions: Major Crimes and Narcotics, Vice & Firearms Tracking. Members of the Investigations Branch are responsible for the investigation of criminal offense, the detection, arrest & prosecution of criminal and the recovery of lost/stolen property for return to its rightful owner.

The Major Crimes Division consists of the following squads:

Arson (412-937-3078):

The Uniform Crime Reporting (UCR) Program defines arson as any willful or malicious burning or attempting to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Auto (412-255-2911):

The Uniform Crime Reporting (UCR) Program defines motor vehicle theft as the theft or attempted theft of a motor vehicle. In the UCR Program, a motor vehicle is a self-propelled vehicle which runs on land surfaces and not on rails. Examples of motor vehicles include sport utility vehicles, automobiles, trucks, buses, motorcycles, motor scooters, all-terrain vehicles, and snowmobiles. Motor vehicle theft does not include farm equipment, bulldozers, airplanes, construction equipment or water craft such as motorboats, sailboats, houseboats, or jet skis. The taking of a motor vehicle for temporary use by persons having lawful access is excluded from this definition

Burglary (412-323-7155):

The Uniform Crime Reporting (UCR) Program defines burglary as the unlawful entry of a structure to commit a felony or theft. To classify an offense as a burglary, the use of force to gain entry need not have occurred. The Program has three sub-classifications for burglary: forcible entry, unlawful entry where no force is used, and attempted forcible entry. The UCR definition of "structure" includes, for example, apartment, barn, house trailer or houseboat when used as a permanent dwelling, office, railroad car (but not automobile), stable, and vessel.

Computer Crimes:

Detectives assigned to Computer Crimes are responsible for searching and securing all digital forensic evidence and for the proper preparation for transportation and recovery of digital forensic data. Detectives are members of High Tech Regional Task Force and the Financial Crimes Task Force.

Homicide (412-323-7161):

The Uniform Crime Reporting (UCR) Program defines murder and non-negligent manslaughter as the willful (non-negligent) killing of one human being by another. The classification of this offense is based solely on police investigation as opposed to the determination of a court, medical examiner, coroner, jury, or other judicial body. The UCR Program does not include the following situations in this offense classification: deaths caused by negligence, suicide, or accident; justifiable homicides; and attempts to murder or assaults to murder, which are scored as aggravated assaults.

Mobile Crime Unit (412-323-7131):

Crime scene investigators are responsible for conducting a thorough search of all major crime scenes in order to identify document, collect, and preserve all physical evidence.

Night Felony (412-323-7147):

The Night Felony Unit investigates crimes and processes crime scenes that occur between the hours of midnight and 8:00 am.

Robbery (412-323-7151):

The Uniform Crime Reporting (UCR) Program defines robbery as the taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Sex Assault and Family Crisis (SAFC) and Missing Persons (412-323-7141):

Forcible rape, as defined in the Uniform Crime Reporting (UCR) Program, is the carnal knowledge of a female forcibly and against her will. Assaults and attempts to commit rape by force or threat of force are also included; however, statutory rape (without force) and other sex offenses are excluded.

How is a missing child defined? By law (specifically the 1982 Missing Children's Act), it's any person younger than 18 whose whereabouts are unknown to his or her legal custodian. Under the act, the circumstances surrounding the disappearance must indicate that the child was removed from the control of his or her legal custodian without the custodian's consent, or the circumstances of the case must strongly indicate that the child is likely to have been abused or sexually exploited.

Pursuant to the provisions of Pennsylvania's Megan's Law, 42 Pa.C.S. § 9791, the Pennsylvania's General Assembly has determined that public safety will be enhanced by making information about registered sex offenders available to the public through the Internet. Knowledge whether a person is a registered sex offender could be a significant factor in protecting yourself, your family members, or persons in your care from recidivist acts by registered sex offenders. Public access to information about registered sex offenders is intended solely as a means of public protection. Information concerning Megan's Law may be found at: <http://www.pameganslaw.state.pa.us/EntryPage.aspx>

A hate crime is a criminal act or attempted act against a person, institution, or property that is motivated in whole or in part by the offender's bias against a race, color, religion, gender, ethnic/national origin group, disability status, or sexual orientation group.

The SAFC Unit investigates all sexual offenses, child abuse cases, child abductions/attempted abductions, Megan Law violators, missing person cases and hate crimes. Sex Assault and Family Crisis investigates all sexual offenses, all child abuse cases, child abductions or attempted abductions, hate crimes and Megan's Law violations.

The Missing Persons Unit investigates all missing person cases for the city of Pittsburgh

Witness Protection Program (412-323-7843):

Witness protection provides temporary/permanent relocation and security to material witnesses and/or victims who testify against criminals who commit violent crimes.

The Narcotics/Vice & Firearms Tracking Division (412-323-7161) is committed to investigating and enforcing local, state and federal laws as they apply to individuals and organizations that may be responsible for the possession, sale, manufacture and/or distribution of any illegal, illicit or unlawfully possessed controlled substance or firearm within the City of Pittsburgh. The unit also enforces laws and ordinances as they apply to illegal nuisances within the City including but not limited to: illegal gambling, illegal lotteries, nuisance bars, prostitution and other related offenses. The Division consists of the following squads/units:

Asset Forfeiture: Responsible for the seizure of money and property that was obtained or purchased through illegal activities.

Weed & Seed: Is a comprehensive joint law enforcement and community investment strategy designed to help make communities safer.

Impact: The Impact Squads concentrate on the street level distribution of illegal drugs and guns with a strong emphasis on gangs and high crime neighborhoods.

Investigations: The Investigative Units are responsible for investigating the use and distribution of all controlled substances within the City of Pittsburgh

Firearms Tracking: Responsible for investigating the origin of all firearms seized by the Pittsburgh Police. Narcotics/Vice and Firearms Tracking personnel respond to the needs of the community by attending community meetings, conducting drug and firearm safety presentations to schools and community groups. They respond whenever requested to spread the message of the devastation created by the use and distribution of illegal drugs and guns.

Vice: Investigations center on prostitution, illegal gambling and nuisance bars. Additionally, detectives assigned to the Narcotics & Vice unit work in conjunction with various local, state and federal agencies to network and share resources that can allow for the enforcement of narcotics and firearms violations on these levels when appropriate.

Operations Branch

The Operations Branch is comprised of 603 officers deployed in six (6) geographic Zones throughout the City of Pittsburgh, as well as the Citywide Special Deployment Division (SDD). The number of officers assigned to each Zone is based on a number of factors; including, the current staffing level of the Bureau of Police, geographic size of the Zone, demographics within the Zone, criminal activity and calls for service.

The number of Police Officers assigned to each Zone also includes the management, supervisory and investigative positions of Commander, Lieutenant, Sergeant and Plainclothes Detective. Each Zone's Plainclothes Detectives supplement the work of the Investigations Branch Detectives within their respective Zones.

Each Zone, led by an experienced Commander, is responsible for maintaining the peace in their respective geographic area (Zone); ensuring adequate Operations Branch personnel are available and prepared to meet the daily challenges of each and every shift; preparing and executing plans and strategies to immediately deal with emerging criminal trends and patterns; and coordinating with members of the community and other government agencies to address all criminal activity – from serious, violent crime to nuisance, quality of life crimes.

The Special Deployment Division (SDD) is comprised of a number of highly trained Specialty Units; including, the Motorcycle Unit, Street Response Unit, Collision Investigation, Commercial Vehicle Enforcement, Tow Pound, Impaired Driver Section, SWAT, River Rescue and the Graffiti Unit. The mission of SDD officers is to provide a rapid city-wide response to specific incidents while continually supporting their colleagues in the Zones on a daily basis. Officers assigned to SDD - equipped with specialized training and equipment – work in teams to resolve a wide spectrum of complex and time sensitive problems, which greatly adds to the quality of life in affected areas.

Special Deployment Division: The Special Deployment Division (SDD) consists of support units that provide specially trained and equipped officers to handle a variety of assignments and tasks throughout the City. SDD has the following disciplines: Traffic Division, Collision Investigation Unit, Commercial Motor Vehicle Enforcement Unit, SWAT, River Rescue, Impaired Driving Unit (which includes the DUI Task Force and Drug Recognition Expert (DRE) programs), Car Seat Inspection and Education Station, Tow Pound Unit, and the Graffiti Task Force. In addition to the normal duties, SDD is also responsible for coordinating over \$500,000 dollars in highway safety related grants that provide additional enforcement activities throughout the City of Pittsburgh. These grants allow the PBP to use enforcement and education to help reduce crashes and fatalities on our roadways that are the result of unsafe commercial vehicles and impaired and aggressive drivers.

Motorcycle Unit: The year 2011 started with twenty-nine officers assigned to motorcycle duties and ended with twenty-five due to transfers, promotions and retirements. Of the twenty-five, there was one lieutenant, four sergeants, and twenty police officers.

The primary duties of the motorcycle officers are traffic enforcement and the management of major civic events. The a.m. shift officers are assigned to both the downtown area for morning rush hour, and to school zones for speed enforcements. The split shift officers are assigned to speed enforcement, followed by afternoon rush hour and then once again to speed enforcement. While not detailed to enforcement, all motorcycle officers are assigned to zone patrols. Areas for speed enforcement and school zone enforcement are directed by complaints. All complaints received thru the 311 system, zone commanders, community meetings, city council requests or any other source are responded to.

Motorcycle officers are assigned to all major events within the city. Games and concerts at Heinz Field, PNC Park, and the Consol Energy Center are staffed with motorcycle officers. Officers work the traffic take and break of the event, and then provide patrols in the area during the time of the event. Officers manned parades, festivals, and community public safety events. Motorcycle officers provided escorts for all dignitaries that visited the city. Officers provided funeral escorts for all retired officers who passed away as well as for the family members of other police officers upon request. Motorcycle officers also assist other units by back filling vacancies.

Traffic Control and Enforcement Conducted by the Motorcycle Unit

| <u>Parkers</u> | <u>Movers</u> | <u>Traffic Stops</u> | <u>Tows</u> | <u>Calls</u> |
|----------------|---------------|----------------------|-------------|--------------|
| 5,295 | 11,925 | 11,724 | 1,956 | 17,519 |

Commercial Motor Vehicle Enforcement Unit: The primary function of the Commercial Motor Vehicle Enforcement Unit is to ensure that all drivers and commercial motor vehicles being operated on the roadways are in compliance with all safety regulations set forth by the Federal Motor Carrier Safety Administration (F.M.C.S.A.) as well as all state and local laws. Inspectors conduct roving patrols and stationary checkpoints throughout the City of Pittsburgh and also assist state and other local agencies upon the request. Additionally, a (MCSAP) inspection is required on all commercial motor vehicles that are involved in a fatal collision. The unit currently has 11 (MCSAP) inspectors. Of the 11 inspectors, 5 are trained general hazardous materials inspectors and 9 are certified motor coach inspectors.

In 2011, the unit completed 163 checkpoints, 1,553 commercial vehicle inspections and 59 aggressive driving details (resulting in 531 vehicle stops).

Collision Investigation Unit: The Collision Investigations Unit consists of 10 traffic officers and 1 sergeant who are responsible for investigating all collisions that involve fatalities and/or critical injuries. Officers also respond to and investigate all reportable crashes involving a city police vehicle. In 2011, fifty-seven collisions

resulting in 8 fatalities, 26 critical injuries, 2 major injuries and 13 minor injuries were investigated. Eighty-one vehicles were given a state safety inspection by our six certified State Inspection Mechanics.

Tow Pound Operations: Towing and Impound Services is the liaison between the City of Pittsburgh and McGann and Chester LLC, who remains the secure facility for vehicles that are towed by the police for violating auto laws. The unit also files the original towing notices and returns all seized revoked or suspended registration plates and drivers licenses to PENNDOT. In 2011, McGann and Chester towed and secured 8,695 vehicles for the Pittsburgh Bureau of Police.

Abandoned Vehicles: The primary goal of this section is to remove abandoned vehicles as quickly as possible in a legal manner so as to improve neighborhoods from blight and safety hazards. It is staffed by a civilian and a police officer. In addition there are six police officers (one from each zone) assigned to tow abandoned vehicles in their respective zones. There were 1,900 abandoned vehicles investigated in 2011 resulting in 1,018 were tows, 693 vehicles discovered having been moved, 42 vehicles moved to private property after receiving notice and 147 were brought up to code.

SWAT Team/Tactical Operations Section (TOS): The primary mission of the Pittsburgh Bureau of Police SWAT Team is to provide a quick and tactical response to critical incidents. The Pittsburgh Bureau of Police recognizes that it is essential to the safety of its citizens that a highly trained and highly skilled tactical team be properly manned and available if the need arises to handle critical incidents. There were 145 deployments of the unit 2011. Breakdown of deployments:

| <u>Type of Incident</u> | <u>2009</u> | <u>2010</u> | <u>2011</u> |
|------------------------------------|--------------------|--------------------|--------------------|
| Hostage Situations | 1 | 3 | 8 |

River Rescue Police Boat Operators: River Rescue provides enforcement on the rivers for all boating laws. Officers are involved in Homeland Security patrols for major events. Officers provide support for EMS divers in response to medical calls/rescues as well as the Underwater Hazardous Device Diver Team which is made up of Police and EMS divers.

Breath Testing Unit: The Breath Testing Unit assists in the investigation and prosecution of impaired drivers throughout the City. In addition to administering various impairment tests to determine the level of intoxication of drivers, these officers also respond to the various hospitals in the area to have blood drawn during the investigation of alcohol or drug related crashes. The officers in this section administer an average of 87 impairment tests every month. Pittsburgh Bureau of Police Breath testing is available to other municipal police agencies, university police departments and the PA Fish and Boat Commission. Sub categories of the Breath Testing unit include DRE (Drug Recognition Expert) and the DUI Task Force, which include monthly DUI checkpoints. Members of the Pittsburgh Police and other agencies arrested and tested 1,048 individuals for impaired driving in 2011. Results by unit/agency:

- Zone 1 – 111 DUI arrests
- Zone 2 – 116 DUI arrests
- Zone 3 – 290 DUI arrests
(doesn't include DUI Checkpoint totals)
- Zone 4 – 157 DUI arrests
- Zone 5 – 98 DUI arrests
- Zone 6 – 146 DUI arrests
- S.D.D. - 32 DUI arrests
- Pittsburgh Police DUI Checkpoints – 76
- Carnegie Mellon Police - 20 DUI arrests

- Greentree Police Department – 9 DUI arrests
- McKees Rocks - 1 DUI arrest
- University of Pittsburgh Police – 0 DUI arrests
- Fish and Boat Commission – 4 DUI tests
- Port Authority Police – 0 DUI arrests
- Allegheny County Sheriff Department – 2 DUI arrests
- Duquesne University – 2 DUI arrests
- PA State Police - 2 DUI arrests
- Misc. – 8 DUI arrests

2010 Statistics for the DUI Task Force

- Grant Funding: \$99,991
- 6 checkpoints
- 98 DRE evaluations
- 6,850 traffic stops
- 100 arrests for impaired drivers
- 29 arrests for other violations
- 21 roving patrols
- 5 mobile awareness patrols
- 251 field sobriety tests
- 431 warnings issues
- 665 traffic citations issued
- 112 vehicles towed

Click It or Ticket and Smooth Operator Grants: In 2011, SDD performed numerous Click It or Ticket (Buckle Up) and Smooth Operator (Aggressive Drivers) Campaigns and received \$60,000 in grant monies.

We utilize safety checkpoints, seatbelt minicade details, and traffic enforcement patrols for the Buckle Up campaign. 2011 Buckle Up statistics:

| <u>Type of Incident</u> | <u>Count</u> |
|--------------------------------|--------------|
| Officer contacts | 3,614 |
| Occupant protection violations | 86 |
| Speeding citations | 205 |
| Other moving citations | 465 |
| Driving under suspension | 19 |
| Equipment citations | 103 |

The Aggressive Driving program is zero tolerance enforcement for aggressive driving. It was set up over four different time periods during the year. Our agency utilized stationary speed enforcement and mobile traffic enforcement activities on state route 19 (Banksville Road, West Liberty Avenue, Marshall Avenue) and state route 51 (Saw Mill Run Boulevard, West Carson Street). These roadways are mandated by PENNDOT, based on accident reports in the city on the state roadways. Aggressive Driving program statistics:

| <u>Type of Incident</u> | <u>Count</u> |
|--------------------------------|--------------|
| Officer contacts | 1,856 |
| Speeding citations | 604 |
| Other moving citations | 1,170 |
| Occupant protection violations | 120 |
| Driving under suspensions | 29 |
| Equipment violations | 199 |
| Various arrests | 5 |

Child Occupant Protection Education Station (COPES): The COPES program at SDD is operational on Fridays from 0900-1500 and the 3rd Tuesday from 1400-2000. COPES educated over **400** parents in 2011 on the proper installation of car seats and child/passenger seat safety.

Also, Pittsburgh Police Child Passenger Safety (CPS) technicians assist other Agencies in the region on a monthly basis by conducting car seat checks at their facilities. The average number of appointments in those 4 hour events is 28, with a maximum of 32. Pittsburgh Police host one of these monthly checks at the

Home Depot in East Liberty every July. We also co-sponsor a check with Pittsburgh Bureau of EMS every February.

Graffiti Task Force: The City of Pittsburgh Graffiti Task Force is nationally known as a leading authority on graffiti prosecutions. To date, three graffiti vandals have been sentenced to a state prison nationally. Two of the three national cases were successfully prosecuted by the City of Pittsburgh Graffiti Task Force. Results of the Graffiti Task Force efforts in 2011:

| <u>Type of Incident</u> | <u>Count</u> |
|----------------------------------|---------------------|
| Arrests | 10 |
| Zone arrests assistance provided | 3 |
| Assists to outside agencies | 14 |
| Graffiti reports received | 198 |
| Reports cleared by arrests | 62 |
| Restitution | \$11,899 |

Crime in the City of Pittsburgh, 2011

Crime Statistics: Crime statistics can be misleading as they only represent reported crime. In some areas residents do not report crime and in others, almost all crime is reported. Reporting also varies greatly by type of crime; while most violent crime is reported; minor property crimes are often not reported.

In general, crime is a deviant act that violates a law. Those laws can be federal, state, and/or local laws.

Crimes are separated into two categories (Parts) within the federal Uniform Crime Reporting (UCR).

Caution Against Comparisons: Some entities use reported crime figures to compare neighborhoods within the City. These neighborhood comparisons provide no insight into the numerous variables that mold crime in a particular area. Simplistic comparisons based only upon crimes that occur in an area do not take into account the fixed population, the transient population, the factors that lead to a particular crime (such as an area with a high density of parking lots may have more occurrences of thefts from vehicles), the geography and other factors that impact crime. Consequently, they lead to simplistic and/or incomplete analyses that often create misleading perceptions adversely affecting communities and their residents. Valid assessments are possible only with careful study and analysis of the range of unique conditions affecting each neighborhood.

Part I Crimes: Part I Crimes are eight main offenses used to gauge the state of crime in the United States. These offenses are:

Crimes Against People

Homicide
Forcible Rape
Robbery
Aggravated Assault

Crimes Against Property

Burglary
Larceny-Theft
Motor Vehicle Theft
Arson

Crime by Neighborhood, 2011

Crimes by Neighborhood is divided into three distinct sections: Total Crime Rate (Part I & Part II) per 100 Citizens by neighborhood.

Total Crime Rate is calculated by combining the total Part I Crimes and Part II Crimes of a neighborhood, dividing the sum by the fixed neighborhood population (using 2000 census data) and then multiplying by 100. The resulting crime rate should not be used to compare one neighborhood to another; but, rather as a starting point to study crime in your neighborhood.

If you are concerned with your neighborhood crime rate, use the following two sections (Part I and Part II Crimes by Neighborhood) of Crimes by Neighborhood to investigate what type crime is driving the crime rate in your neighborhood. Page numbers for each neighborhood and their respective Part I and Part II Crime are provided for your reference.

You should then work with the police, your community leaders and your neighborhood watch groups to help develop methods to reduce that crime. As noted, the crime rate only reflects the rate of crime as it impacts our fixed population and does not consider the many visitors that come into our City to work and to enjoy themselves.

Homicides in the City of Pittsburgh, 2011

1. Total Homicides:.....43

Most homicides in the City of Pittsburgh occurred from the late summer months and into the early winter months. In terms of day of the week, homicides appeared to occur randomly throughout the week with most happening in the late evening/early morning hours (see data below).

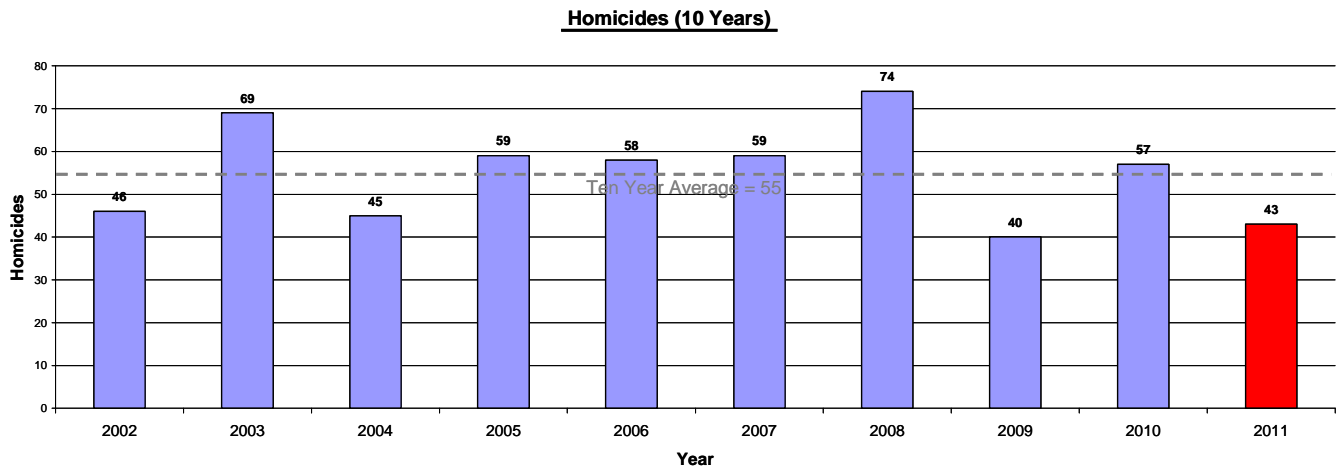

Firearms were the primary weapon of choice and most homicides were associated with other criminal activity (fights, drugs, robbery and retaliations).

The average victim was a 28 year old black man with some involvement in crime. The youngest victim was 3 years old and the oldest victim was 90 years old.

There were 26 offenders identified in 22 separate cases. The average offender was a 29 year old black man with some involvement in crime. The youngest offender was under the age of 18 and the oldest offender was 60 years old.

Twenty-one of the 43 homicides were cleared by either arrest or exceptionally cleared.

2. Homicides by Time Unit Review: In 2011, homicides decreased by 14 from the 2010 level of 57 (a 29.8% decrease). The ten year homicide rate dropped by one to an average of 55 homicides per year. Within the ten year period, four years were below the average and six years were above the average. Ten years of homicide data are shown below:

6. Response Times: Of the 268,431 calls for service, 236,791 were able to have response times calculated. Using a measure of central tendency for police calls for service response time is not useful as most calls for service have a response time ranging from 0 minutes and 0 seconds thru 0 minutes and 16 seconds (70.3% of calls with response times calculated) creating an unusable mean, median and mode. Analysis of response times by binning them into 10% sectors indicates that 90% of all police calls are answered in less than 6 minutes and 45 seconds.

The highest number of use of force incidents occurred in the following areas:

- Southside Flats, census tract 1702 (89 incidents/148 subject resistance reports)
- The South Shore, census tract 1921 (48 incidents/80 subject resistance reports)
- Central Business District, census tract 201 (47 incidents/72 subject resistance reports)

The most common resisting subjects encountered by officers in 2011 were males, aged 20-29. The second highest resisting group were males, aged 30-39 (Table #5).

Force/Control Options

In responding to subject resistance, police officers employ a continuum of control. The continuum of control aids officers in determining whether a particular control option constitutes a reasonable method of control under a given set of facts and circumstances. The three most frequently used options in 2011 were forcible handcuffing, takedowns and attempts to control resisting subjects by grabbing, pushing, or pulling (categorized as “Other”). These were also the most frequently used levels in 2010 (please see Table #6 for a comparison of 2009 to 2010). The TASER was used a total of 170 times during 2011 which was a 19% decrease in usage when compared to 2010. It should be noted that the most frequent levels of force have been and continue to be at the lower end of the continuum of control.

Firearms Review

There were 70 firearms discharges reviewed in 2011. Eight officers fired their weapons in self-defense in 5 separate incidents involving 5 actors. No officers were seriously wounded. One actor was fatally shot and 2 were injured. One officer fired less lethal rounds (chemical). Fifty-nine officers used their firearms to destroy injured animals and 2 officers fired at attacking dogs.

Canine Review

At the end of 2011, there were 18 K-9 teams working. There were 739 reported canine uses which led to 174 non-bite apprehensions and 12 bite apprehensions.

Injury Review – Resisting Subjects

Forty-six percent or 377 of the resisting subjects reported injuries in 2011. This is down from the 48% that reported injuries in 2010. Of the 377 resisting subjects who reported injuries, 1 was fatally wounded. Fifty-six were listed as being “treated/admitted” (25 were actually involuntary commitments). Of the remaining 31 who were reported as treated and admitted, 2 were admitted due to drug and/or alcohol overdoses, 3 were admitted due to swallowing narcotics to prevent recovery by arresting officers, 24 were admitted for injuries sustained during the encounter with police, 1 was admitted for injuries sustained prior to the encounter with police, and 1 was admitted due to pre-existing medical conditions. Twenty were self treated or treated by EMS, 263 were treated and released, and 29 refused treatment. The most common type of injury to resisting subjects was cuts/abrasions to the face, head, and hands resulting from strikes to the face or from the ground during a takedown or ground fighting.

Injury Review – Officers

Ten and a half percent or 125 officers reported injuries in 2011. In terms of percent, this is up slightly from the 2010 rate of 10%. In terms of raw numbers, this is down from the officer reported injuries of 136. No officers were seriously wounded. Sixty-four officers were listed as self treated or treated by EMS and 33 were treated and released. Common injuries to officers were hand and leg injuries, cuts and abrasions.

Notice of Right to File a Complaint

(Ordinance No. 21, paragraph 21 dated October 20, 2011)

Members of the public have the right to file a complaint concerning police conduct. The complaints can be filed electronically, by facsimile, letter, by telephone or in person.

Complaints may be filed at:

The Office of Municipal Investigations

<http://www.city.pittsburgh.pa.us/omi/>

The Office of Municipal Investigations (OMI) is responsible for coordinating the receipt, analysis and investigation of citizen complaints of civil and/or criminal misconduct alleged against employees of the City of Pittsburgh.

This includes uniformed personnel such as Fire , Police, Emergency Medical Services, and Building Inspection employees. OMI is a fact finder and does not make disciplinary recommendations or decisions. Its findings are referred to the Director of the Department in which the employee works. OMI relies on City work rules, union contracts, Civil Service regulations, City Code, and State laws to define illegal and inappropriate conduct. It is OMI's responsibility to insure that all citizen complaints receive fair, accurate, thorough and timely investigations.

The Citizens' Police Review Board

<http://www.city.pittsburgh.pa.us/cprb/>

The Citizen Police Review Board (CPRB) is an independent agency set up to investigate citizen complaints about improper police conduct. The CPRB was created by voter referendum, and its rules are governed by Title Six, Article VI of the City Code.

The CPRB is made up of seven unpaid board members appointed by City Council and the Mayor. Board members serve a four-year term. While serving, they oversee all aspects of complaint handling: from initial review to public hearings and meetings to recommendations, if applicable.

The CPRB can only investigate complaints related to the City of Pittsburgh Bureau of Police and any officer thereof. The CPRB does not handle complaints about Fire, Emergency Medical Services, Building Inspection employees, or any other department, bureau, or division within the City of Pittsburgh.
