

OFFICE OF NIGHTTIME ECONOMY

Stop the Bleed Training for Night Businesses

A short lecture followed by hands-on instruction by public safety professionals on how to identify and treat life-threatening bleeding. This training is not a certification course. It is intended to provide awareness and skills in bleeding control in an emergency situation prior to the arrival of professional rescuers.

What You'll Learn

- How to recognize a life-threatening bleeding emergency
- Steps to take prior to (and after) rescuer arrival
- Proper use of tourniquets and pressure application
- Wound treatment techniques
- Supplies to stock in order to be prepared
- Self-Care after the emergency

IN PERSON - Approximately 30 minutes
